

General

These covers are designed for use with the HP970 family of pneumatic humidistats. With the various finishes available, they provide an attractive as well as protective feature to each installation. Select the appropriate cover from the table and examples listed in the following text. **IMPORTANT:** Before you order, read this literature carefully. Be certain of the cover requirements for your installation. For example, horizontal or vertical mounting; setpoint knob opening; with display or blank.

Features

NO DISPLAY

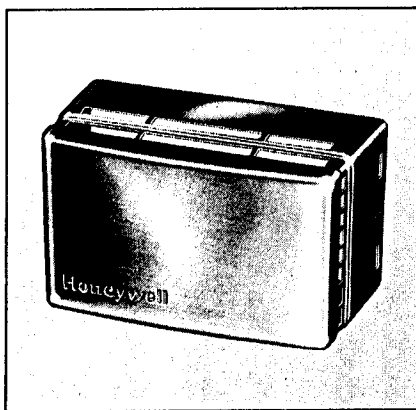

FIG. 1. THESE COVERS ARE THE NO-DISPLAY TYPE. THEY ARE AVAILABLE WHEN SETPOINT DISPLAY IS NOT DESIRED. TYPICALLY, THESE COVERS ARE USED WITH THE HP971 HUMIDITY SENSOR. WHEN THE NO-DISPLAY COVER IS USED WITH HUMIDISTATS, THE SERATED BREAKAWAY KNOB IS SIMPLY BROKEN OFF.

DISPLAY

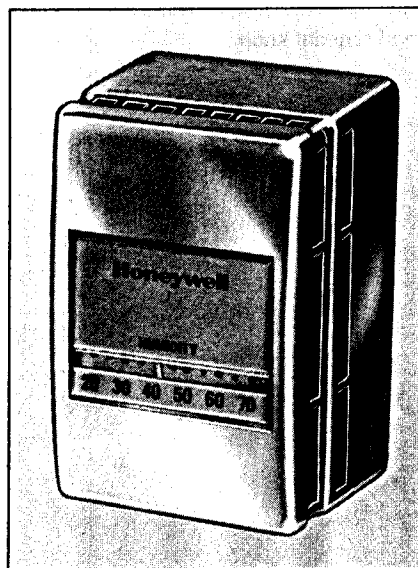

FIG. 2. THESE COVERS ARE THE STANDARD COVERS WITH SETPOINT INDICATION. THEY ARE AVAILABLE IN EITHER VERTICAL OR HORIZONTAL MOUNTING CONFIGURATIONS.

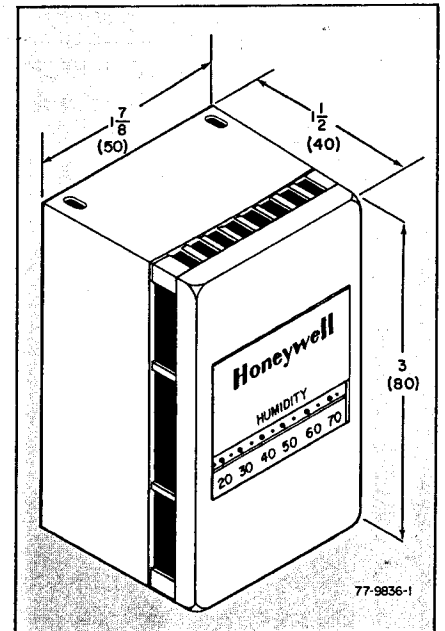

FIG. 3. ALL COVERS—VERTICAL OR HORIZONTAL, STANDARD OR NO-DISPLAY—ARE THE SAME SIZE; APPROXIMATE DIMENSIONS ARE GIVEN IN INCHES (AND MILLIMETERS).

Specifications
